

PROTEINA

“From Field to Shelf - Building a Sustainable Future for the Protein Industry”

October 23 - 24, 2024

in Magdeburg and Online

this Year in English

The conference will take place on **october 24, 2024** at the IHK Bildungsakademie Magdeburg GmbH as a **hybrid event in English**. A **get-together** will take place the day before, on **october 23, 2024**.

This year we will be presenting innovative ideas and ways to get proteins from the field to the shelf. The following areas will be discussed:

- **Alternative Protein Sources:** Extraction Methods, Processing, Industry 4.0
- **Analytic/Proteomic:** Allergens, Characterization, Structure-Function Relationship
- **Sustainable Supply Chain Management:** Waste Minimization, Sustainable Production, Digitalization

You can expect contributions from renowned speakers: Daniel Kruse, President of the European Industrial Hemp Association (EIHA), Prof. Dr. Monika Pischetsrieder (University of Erlangen-Nuremberg), Prof. Dr. Christian Fikar (University of Bayreuth) and Elia Henrichs (University of Hohenheim).
